Proper Treatment for Coughs.

That the reader may fully understand what constitutes a good Cough and Lung Syrup, we will say that Tar and Wild Cherry is the basis of the best remedies yet discovered. These ingredients with several others equally as efficacious, enter largely into Dr. Boswick's Cough and Lung Syrup, thus making it one of the most reliable now on the market. Price 50 cents and \$1.00 samples free. Sold by Hughes & Chiles.

Surface Indications

What a minor would very properly term "surface indications" of what is being, are the **Plaques**, **Sties**, **Sore Eyes**, **Balls**, and **Cutaneous Eruptions** with which people are annoyed in spring and early summer. The **Plaques**, which now makes its presence felt, through Nature's efforts to expel it from the system. While it remains, it is a sore that fester in the blood and may develop into **Serofilla**. This condition causes derangement of the system, and is often associated with a feeling of exortion, hunger, and weariness—often lightly spoken of as "only spring fever." These minor evidences that Nature is expelling the **Plaques** and parts of the corrupt atoms which vex the vital forces. To regain health, Nature must be aided by a thorough blood-purifying medicine; and nothing else is so effective as

Ayer's Sarsaparilla,

which is sufficiently powerful to expel from the system even the **Plaques**.

The medical profession endorse AYER'S SARSAPARILLA, and many instances of its success are daily coming to the ears of the world. It is, in the language of the Hon. Francis Jewett, ex-State Senator, and ex-Senator and ex-Mayor of Lowell, "the only preparation that does real, lasting good."

FRANKFORT ROUNDABOUT.

Entered at the post-office at Frankfort, Kentucky, as second class mailable matter.

GEORGE A. LEWIS,
Editor and Publisher.

FRANKFORT, APRIL 24, 1886.

The bill appropriating \$15,000 to complete the Government Building in this city passed the House of Representatives Saturday.

Mrs. Johnson, mother of Mrs. S. P. Browder, of this city, died at her home in Louisville yesterday morning, after a lingering illness.

Mr. D. A. Dunegan, a printer by trade, and a young man well known in this city as "Tuck" Dunegan, died at the residence of his father, in Lawrenceburg, on Thursday, April 15th, of consumption, aged 24 years.

Mr. Geo. W. Sudduth, of the Bridgeport neighborhood, sent to this office on Wednesday a young chicken with but one toe on its left foot. A round ball supplies the place of the foot, and the toe grows nearly straight up from it. The right foot is perfect, and the little fellow hops around as lively as a cricket.

Several weeks ago Messrs. Hudson, Humphries & Cassell inserted a large and attractive advertisement of their business in the ROUNDABOUT and the result was a boom in their business. On Monday of this week they were fifty suits behind their orders. If you want to make money advertise your business in the Roundabout, the people's paper.

The use of dynamite to kill fish in the river is still being practiced to a considerable extent, and some parties are getting so bold as to explode it almost within the city limits. One party using it Monday came near blowing himself up with a cartridge, just above the city, and in his particular case it is a great pity for the community that he did not make a success of it. There is a law against this wholesale murder of fish, and the rod fishermen should see that it is enforced.

The newly incorporated Frankfort, Bell Point and Leestreet Street Railway Company organized on Tuesday by electing Ed. P. Bryan, President; Jas. Andrew Scott, Secretary, and John P. Starks, D. C. Crutcher, S. I. M. Major, W. L. Collins, E. P. Bryan and Jas. Andrew Scott, Directors. The Company will go to work at once to secure the necessary subscription of stock, and it is hoped they will soon receive sufficient encouragement to commence the construction of one or more lines in the city.

Owen LeCompte, the "Magnetic Wonder," gave exhibitions of his wonderful power at the Court House on Thursday evening and last night, before good audiences. On both of which occasions he performed some remarkable feats with little or no exertion. Although a mere slip of a lad of 13 years, he threw strong men about by putting his hands on their shoulders, or when holding an ax handle or chair. It is true that his magnetic power had no effect on some persons, but when tried on others they were completely at his mercy. He is no traveling humbug, but a Franklin county boy, well known in the Forks of Elkhorn neighborhood, where he lives.

On Wednesday afternoon Officer Henry Brown received a note from the Town Marshal of Tyrone notifying him to look out for a mountaineer who was at that place the day before with two rafts of saw logs and passed counterfeit silver dollars on several parties.

Taking Officer Nooman with him, Brown started out Thursday morning, and soon found the party wanted, took him in charge, and carried him to Police Headquarters, where he was searched and about \$10 in counterfeit silver money found on his person. He gave his name as J. W. Ledford, from Conciling, Kentucky, and was well supplied with greenbacks, having two large pocket-books full of it. The counterfeit money was of the basest kind, and would be detected by any one not blind.

Day & Haft sell Cream and Favorite flour, made in Lexington 2t.

The appointment of Mr. G. R. Rodman as Post Master in this city was confirmed by the Senate Tuesday.

Straw hats of all varieties cheap at C. R. Gresham's, South Side.

The usual Easter celebration for the children of the Sunday-school will take place to-morrow afternoon at Ascension Church at 4 o'clock. All are invited to attend.

The walls of the organ niche of the Baptist Church are about completed and next week the work of repairing and altering the interior of the building will be commenced.

Mrs. Isabella Barnes, formerly Mrs. Zachary Lewis, of this county, died in Louisville Thursday night of last week, aged 73 years. The remains were interred in Cave Hill Cemetery Saturday afternoon.

Jas. Heeney has just received 5,000 pounds of Lexington flour. Call and try it.

HOUSE FOR RENT.—A frame house of several rooms, located in Belle Point, is offered for rent. Apply to W. L. Pence.

Mr. Wm. T. Dudley, son of the late Gen. A. W. Dudley, and a prosperous farmer, residing one mile from this city, on the Versailles pike, died Thursday night after a lingering illness. For a number of years he was a member of the firm of J. G. Dudley & Bro., in the saw-mill business in this city, but his health failing several years ago he removed to his farm and has since devoted his attention to agricultural pursuits. He was a devoted husband and father, and had many warm friends in this community. He leaves a wife and four children to mourn his loss.

The Council have commenced cutting down the fire department, which strikes us as rather bad policy. The force at the engine house has already been reduced one man, and we understand it is proposed to dispense with still another, and discharge all the runners, their places to be filled with a volunteer force. A volunteer force beats nothing at all, but there is too much work about it for a department of that kind to hold together long. Glory is very cheap in this country, and a man who works his arms off at a fire while property holders stand by with their hands in their pockets, feels that he deserves something more substantial than the "thanks of the citizens for his noble work."

It is fun for a volunteer to run to a fire and hold a nozzle of the hose for a short time, but when the fire is out and the muddy hose have to be reeled up and taken home, the fun fades out very suddenly and the boys discover they are wanted at home right away. They are not paid and you can't hold them. Better hold on to the boy boys yet awhile, and not bother with the enthusiastic gentlemen.

Henry Williams sells Cream and Favorite flour. 2t.

A meeting of the Spring Hill Gun Club, of this city, was held on Wednesday evening last, for organization for the season. The following were present or reported for membership: Richard Morris, Dr. E. E. Hume, Geo. F. Berry, Dr. Lupton Price, Geo. Payne, S. R. Smith, Kenner Taylor, Robt. Pepper, Jr., C. C. Furr, and Jas. and G. Martin.

Mr. Richard Morris was elected President and Superintendent of Grounds; Dr. Hume was elected Vice President; and Mr. Geo. Berry, Secretary and Treasurer.

A Constitution and code of By-laws was adopted. Among the latter was one prohibiting any member of the club from participating in any match for money, and forbidding the use of targets or traps owned by the club in any match where money was shot for.

A gold medal was voted to be given to the best shot in each match during the season, and to be finally the property of the best average shot.

The new Blue Rock pigeon target will probably be used by the club. The indications were favorable for an increase in membership and a most pleasant and successful season.

Lent was over Friday.

The ladies of the First Presbyterian Church will give a strawberry festival as soon as the first strawberries of the season are ripe.

Seven plans for the new Public School Building have been submitted to the School Board and Committee of the Council, and a selection will be made in a few days.

Dr. Thos. L. Taylor, formerly a popular dentist in this city, was accidentally shot and killed, near Abilene, Texas, on Saturday, while out with a party of gentlemen friends on a hunting excursion.

Rev. A. P. Cobb arrives to day and will begin his protracted meeting at the Christian Church to-morrow. The prayer meetings during the present week have been attended by large congregations, and all things indicate a successful meeting. Mr. Cobb is an able and impressive preacher.

The Arctic is without rival.

The Chevaliers of Canton Berry will celebrate the 67th anniversary of Odd Fellowship in America on Monday evening, April 26th, by giving a fancy drill and a banquet at their temple. The members of Capital Lodge and Oriental Encampment and all visiting Odd Fellows are most cordially invited to attend.

The Flowers that Bloom in the Spring.

One of the most beautiful sights anywhere in the city is the greenhouse of Mr. Ed. Power, on upper Main street. He has there one Marshat Neil rose bush with 400 buds upon it, 500 hyacinths in bloom, a bed of 400 tulips, and roses in endless variety. From this large stock he is prepared to furnish on short notice the sweetest and prettiest cut flowers, either in bouquets or in designs suitable for parties or funerals. He has a large lot of potted plants, roses, geraniums, foliage plants, etc., at his store on Main street, which he will deliver in any part of the city, at the lowest prices. He will be glad to have the ladies call and examine his stock, even if they do not wish to purchase. A walk to his greenhouse would pay any lover of the beautiful in nature, and callers are always welcome there.

Arctic and J. E. M. flour for sale by all grocers. Ask for them if you want the very best in the market.

Return of the Favorites.

Cora Van Tassel and her superb dramatic company will play a return engagement of one week, commencing Monday evening, April 26th, opening in the ever popular protein drama, "Fanchon," with Miss Van Tassel in the title role and the entire company in the cast. This is one of Miss Van Tassel's favorite characters, and one in which she stands without rival on the American stage. This company made a decided hit on their former visit here this season, drawing crowded and delighted audiences nightly, and we expect to see a repetition of the same now. The admission will remain as usual, 10, 20 and 30 cents, and we advise all wishing good seats to secure them at once, for there will certainly be a rush when the doors are open. The Knoxville Journal says:

Staub's theatre was literally packed and jammed last night, and the audience were there to stay, which illustrates the fact that the Cora Van Tassel engagement is proving a wonderful financial success, even at such low prices. A double bill was presented last night, "Kathleen Marryounen" and Joshua Whitecomb." Both plays were received throughout with continued and unanimous applause.

The Herald of Education is the name of a first class magazine, devoted to the educational interest of the State, recently established in Louisville. It is beautifully printed, splendidly edited—Prof. J. T. Gaines, formerly of this city, being one of the editorial corps—and should be in the hands of every teacher in the State. The subscription price is but one dollar, which can be paid to Mrs. Agnes L. Franklin, of this city, who is agent for it in this country.

A fatal accident occurred Friday morning of last week at McBrayer's Distillery, about twenty miles up the river. Four men started down the incline to the river upon a car loaded with whisky, when the rope which is used to lower it became detached from the car, and it dashed down the tramway at lightning speed. Two of the men were thrown off and badly injured before the car reached the river, and the other two thrown into the river and one of them, a colored man, drowned. His body was not recovered until Sunday. One barrel of whisky was lost, being stoven in when the car struck the bottom of the incline.

The First Presbyterian Church was crowded to repletion with the beauty and fashion of our city on Tuesday evening last to witness the celebration of the nuptial contract between Dr. H. M. Pusey, of Louisville, and Miss Eleanor Stewart, daughter of Dr. J. Q. A. Stewart, Superintendent of the Institute for Feeble-minded Children. The event transpired on "schedule time" and was one of the most beautiful that has occurred in our city for many years. The solemn marriage ceremony was performed by Rev. J. McCluskey Blayney, D. D., pastor of the bride.

It is needless for us to say anything to those who know her, of the many graces of this beautiful and accomplished young lady; suffice it to say that she has long been reigning as one of our most queenly and charming belles.

Dr. Pusey, the groom, we only hear in terms of high eulogium, as a promising and talented young physician of our Kentucky metropolis.

Miss Rose Stewart, sister of the bride, and Mr. William Short, of Louisville, were the attendants.

The following gentlemen were the ushers: Jno D. Bryant of Shelbyville; E. D. Hobbs, Jr., Blucher Montgomery, and Robert Gooch, of Louisville; and H. B. Ware and H. C. Murray, of this city.

After the ceremony the bridal party and a large circle of friends and relatives were handsomely entertained at the Gubernatorial mansion.

At 10 o'clock, p. m., the bride and groom departed on the C. & O. train for their wedding tour, accompanied by the best wishes of the Roundabout and many friends.

FRANKFORT ROUNDABOUT.

The usual Easter services will be conducted to-morrow at the Episcopal and Catholic Churches.

Miss Sallie Jackson is erecting an addition of two rooms and a hall to her residence on Shelby street.

On Thursday morning of last week, in making a landing to take on some tobacco about one mile and a half below the CoonSkin bridge, the steamer Hibernia got so fast aground that she could not be pulled off, and the water receding from under her, the hull has broken in two near the stern. The machinery will have to be taken out and props gotten under her so that the damage can be repaired where she lies, which will cost about \$4,000 or \$5,000. She is insured for \$4,000, but it is doubtful if the companies will pay the amount without a law suit. She will hardly be gotten into the trade again this summer.

At a called meeting of the City Council, held Monday afternoon, the school question was finally settled by that body re-enacting the ordinance adopted two weeks since, which was repealed on Tuesday night of last week when only six members were present, four of them being opponents of the school. A full board was present on Monday and after adopting the ordinance a motion to re-consider was laid upon the table, so there is no danger of soap judgment being taken upon the friends of the school again. It is to be hoped that the work of erecting the building upon the old site will now be gotten under contract as speedily as possible.

At the above meeting the rate of city taxation was fixed at \$1.15 on the hundred, five cents less than last year.

Mrs. Bessie Miller Oton, the charming elocutionist, will give an "Evening with the Authors, or Costume Recital," at the Opera House on Monday evening, May 31. Mrs. Oton visited this city on a former occasion and gave an entertainment which greatly delighted a large audience. She will be assisted on this occasion by Miss Lucille Lindner, the sweet singer of Lexington; Miss Benjamin, the celebrated flutist of Cincinnati; Mr. Wm. Wadsworth, of Maysville, son of the Congressman from the 9th District; and Prof. Mauer, of this city. It will be one of the most interesting entertainments which our people have had an opportunity of witnessing, and is worthy of a full house. Below we give a few press comments upon Mrs. Oton's entertainments:

The Courier-Journal says: So spirituelle was her acting, so true to nature all her gestures and movements, that one is sure to incite her an artist of high experience. Her emotions all seem to well up from her own soul and take possession of the character she impersonates.

The St. Louis Dispatch says: Generous to a fault, if such a fault, and a heart that reaches out to all creatures that are in the woman except to love and admire. The genius that sways an audience is the beacon light that cheers and comforts an invalid mother and tenderly loved ones at home.

The Times says: We have known the hard struggle of this gentle woman from the time her sorrows came. She has been true, brave and unwavering to her duty. That heaven has rewarded her honest efforts we do not wonder.

In another column will be found the announcement of Mr. Con. McCarty as a candidate for City Marshal. The Colonel was a Deputy United States Marshal in this district for several years, and filled the position very acceptably. If elected to the position he seeks, he will make a first rate officer.

One night last week Mr. Dick Johnson was returning from town to his home on the Leestown road, below the Kentucky River Mills, and when he was nearly opposite Mr. H. H. Murray's residence he met two men on the sidewalk. In the act of passing one of them presented a pistol at his face and commanded him to throw up his hands, which he did, and the second party went through his pockets but failed to get anything of value from him. It occurred about 2 o'clock in the morning. Saturday night last a man was seen on the same road, leaning against the fence with a pistol in his hand, apparently waiting for the unsuspecting to come along so he could "get the drop on" and rob them.

Judge W. H. Sneed, the present incumbent, Judge O. D. McManama and Major W. T. Flynn have announced themselves as candidates for Police Judge. The election takes place on the first Monday in August.

Cancer Conquered.

For seven years past I have been suffering with a cancer on my face. At first it gave me but little trouble, and I paid no attention to it. After a time it began to increase in size, and also to疼. The simple remedies were applied to alleviate pain, but I then found it would soon pass away under that treatment. In this I was mistaken as the place continued to grow, extending into my nose, from which came a yellowish discharge very offensive in character. It was also inflamed and annoyed me a great deal. About eight months ago I was in Atlanta at a friend's house who so strongly recommended the use of Swift's Swift's that I determined to make an effort to procure it. In this I was successful, and began its use. The influence of the medicine first was to somewhat aggravate the sore; but soon the inflammation was allayed, and I began to improve after the first few bottles. My general health has greatly improved, I am stronger and able to do any kind of work. The cancer on my face has decreased and the ulcer to heal, until there is not a vestige of it left, only a little scar marks the place where it had been. I am devoutly grateful for this wonderful relief from what everybody thought would be certain death. I am now able to answer all questions relative to this disease.

Interesting Experiences.

Hiram Cameron, Furniture Dealer of Columbus, Ga., tells his experience thus: "For three years have tried every remedy on the market for Stomach and Kidney Disorders, but got no relief, until I used Electric Bitters. Took five bottles and am now cured, and think Electric Bitters the best Blood Purifier of the world." H. A. Reed, of West Liberty, Ky., used Electric Bitters for an old standing Kidney affection and says: "Nothing has ever done me so much good as Electric Bitters." Sold at fifty cents a bottle by Jos. LeCompte, 4
